South Africa

Subject: New Issuance of ASME Certificate of Authorization 'U' #44,935 (Issued for location at: 6 Sneezewood Lane, Glen Anil Durban, KwaZulu Natal 4022 South Africa)

Dear Mr. Potter:

Enclosed is your Certificate of Authorization to apply the ASME Certification Mark to items, which you build in accordance with the ASME Boiler and Pressure Vessel Code. If this is a new issuance, the Certification Stamp is also enclosed. The purpose of the Certification Stamp is solely for application to items, which have been built in accordance with the Code, and the use of the certification mark in advertising is restricted.

Since a renewal notice will be mailed eight months prior to the expiration date shown on the enclosed Certificate and H (Cast Iron) and UM yearly renewals will be mailed six months prior to that date, to the individual and address shown above, it is important that we be informed of any changes. In any case, it is your responsibility that we receive renewal applications at least six months [four months in the case of H (Cast Iron) and UM] prior to the expiration of the enclosed Certificate.

If you make reference to the ASME Symbol in your advertising, it is required that you follow the "STATEMENT OF POLICY ON THE USE OF THE CERTIFICATION MARK AND CODE AUTHORIZATION IN ADVERTISING" which appears in the preliminary material in each Section of the ASME Boiler and Pressure Vessel Code.

Very truly yours,

Janet Hill
